## Learning Library Skills: For October

Our younger grades are reading and comparing fairy tales. We are also talking about sequencing in a story. The upper grades are reading Maximum Ride, and Where the Red Fern Grows, as a class.

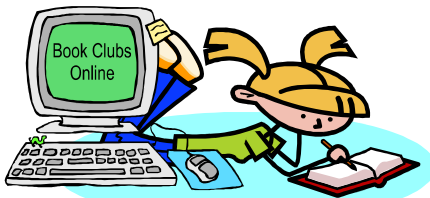

### October's Author of the Month is:

**Joanna Cole.**

*Born August 11, 1944 in Newark, New Jersey*

When Joanna Cole is interested in something, she usually writes a book about it.

As a nonfiction writer, she does a lot of research before she writes anything. She is best known for the Magic School Bus series.

### Reading Takes You Places

Every book is an adventure.

Students in K-5 are reading Accelerated Books at QOP. Our students will then take quizzes on these books in order to earn points for the A-R program.

Good Luck Students!

### Upcoming Events in the QP Library:

We will celebrate Columbus Day by reading about his amazing voyage from Spain to America. Remember the saying "in 1492 he sailed the ocean blue?"
