Snapshot of Our Week

Reading: HOOT

We will be ending the year with reading the novel HOOT. This book follows our science unit on Habitats. We will be comparing the book and the novel at the end of the unit!

Writing: Simple 6

The students will be writing their last writing sample this month using the Simple 6 writing techniques. They will also be scoring their own papers using the Simple 6 scoring method. We will compare writing samples they have done since the beginning of the year!

Math: Chapters 8 & 9

This last month, we will be looking at area of shapes and the formulas to help us find area. We will also look at percents and how they work together with fractions and decimals and how to convert them.

Science/Social Studies:

In Science, we will continue to work on Life Science and habitats to go along with our book HOOT.

In Social Studies, we will be taking a closer look at how the government is split into 3 branches and our economy.

Coming Attractions

May 11 - Fine Arts Festival

May 11 - Conner Prairie Trip Leave at 7am!

May 26 - Field Day!
