Diving Into Learning

K-1: Introduction

The students in these classes are being introduced to Microsoft Word. They are learning where the keys are on the keyboard, how to make capital letters, and are practicing typing their alphabet and sight/spelling words. They are doing a great job!

2-3: Reviewing

These students will be doing some math practice, keyboarding practice, and using Microsoft Word in the computer lab this month!

4-5: Reviewing

During the month of March these students will use the computers to work on Science and Math related work. These assignments will use various programs such as Word, PowerPoint and Excel.

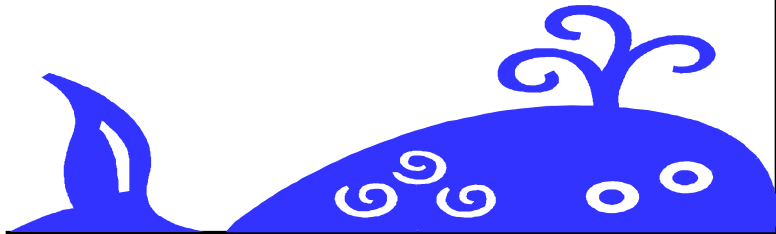

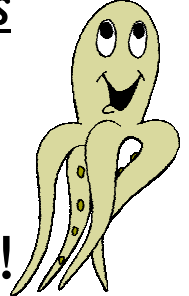

6-8: Reviewing

In March the Middle School students will continue working in Excel and PowerPoint, as well as get started using Microsoft Access, the database program.

Ocean of Events

Happy St.
Patrick's Day!

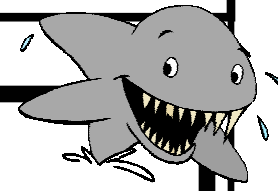

It's A Whale of a Website!

Name of Website

www.spellingcity.com

From the Teacher:

I would like all students, grades 3-8 to have a Flash Drive available for school use. All students in grades 6-8 are required to have one!!

Don't forget to bring your headphones to school
